Hi All,

Below please find my recap of the Board's organizational meeting of January 5th. This is the nuts and bolts meeting of the year wherein Boards are reappointed, banks and official newspapers designated etc. Not really a barn burner.

There's not too much in the way of commentary. But as always the comments are mine alone and reflect no one else's misanthropic view of life in Southeast.

COMMENTS:

There were a few quirky omissions. Apparently we can again do without a Town Historian. In the past this had been Mr. Rosenberg- although the position was left vacant in '05 as well. On the other hand, why bother with a town historian if several of our most important historic sites are still missing after a year.

No ARB Chair was chosen which seemed odd as the Board had just appointed an Architect to hold this position within the last several months.

The other most interesting change was the switch from the Putnam Courier to The Journal News as the Town's official Newspaper. Of course the Putnam County Press remains- which is great news for all of you with birds or kitty litter boxes. My guess as to the change to the Journal News is simply that it's a daily. Thus when public notices need to go to press pronto there's no need to wait for an inconvenient weekly deadline.

And about that Wetlands Inspector... I was kinda holding out hope that the Town Board might explore the possibility of disbanding the Conservation Commission to appoint a Wetland's Inspector who would advise the Planning Board throughout the application process. I, for one, am really tired of hearing how it's too late in the planning process to deny an application after the applicant has spent so much time and scads of dough on his/her application. Arggggggg... I mean, really, is there any possible way to enforce the wetlands regs the Town Board enacted. Hey, it's not too late for a New Year's resolution is it...

As always please feel free to e-mail me with any questions or comments that you may have.

With Best Regards,
Lynne Eckardt
