**Subject:** RE: Crossroads 312 - meeting with applicant

Tony – for your information, I met with Phil and Harold today to go over my comments regarding completeness issues with the DEIS for Crossroads 312. I reviewed my comments and also went through the items identified in the approved Scoping Document. They have retained Beth Evans, Environmental Consultant for the project, to prepare the requested information outlined in my comments and the scope document. I offered to review a draft of Beth Evans report prior to submission to make sure that they have addressed – in sufficient detail – the required items – to determine completeness. This will take the applicant awhile to prepare this information. I will keep you posted on any progress or communication with the applicant during this process. Please contact me if any questions.

Stephen

**Subject:** Crossroads 312 Comments

Hello,

AKRF's revised memo is attached (further detail has been added to the economic analysis section and a correction was made to the No-Build list comment). Please let me know if you have any questions.

Thank you,

**Ashley Ley, AICP**
